Update from OCs OTC working group

Dear working group members,

In case you didn't see this, there's a piece in the Northwestern University online paper about OTC access that highlights the perspective of university students. Here's the link:

**Should the Pill be offered over the counter?**

By Amanda Woerner

<http://www.northbynorthwestern.com/2009/05/32458/should-the-pill-be-offered-over-the-counter/>

We also wanted to let you know that we're planning a meeting of the working group in **New York City** on **September 21-22**. We'll send more details about the location and agenda but wanted to give you advance warning so you can reserve the date. Space will be limited for the meeting, but we hope that everyone who is interested will be able to attend.

Thanks,  
Dan
